Wider sizing for the C6 ZR1 brings increased traction to create the performance and handling you expect from your Corvette. Multiple size and finish options let this wheel transform your standard vehicle into one that makes a statement. The newest addition to the Factory Reproductions Ram wheel line up, the Ram Replica Wheel is now available for all Ram s. Because of its two different bolt circle patterns, this wide, five split spoke wheel can stylishly upgrade both old and new Ram s. A brand new satin gray machine face finish rim has been added to the selection separating your truck from the ordinary. Dodge Ram Replica offered in multiple sizes and finishes with applications to fit Dodge Ram trucks. The Trackhawk Replica Wheel is for a performance beast who also requires style. The inch wide wheels provide the stability that your jeep needs for ultimate performance. The style comes from special finishes on the rims that will distinguish your Jeep from others on the road. The black ball milled finish gives the Trackhawk Replica Wheel a completely different look depending on the angle. The satin black machine face with a bronze clear finish is truly unique. This wheel is the ultimate in both style and performance. Jeep Trackhawk Replica offered in multiple finishes with applications to fit select Jeeps and Durangos. Dodge Widebody Replica offered in multiple sizes and finishes with applications to fit Chrysler c, Dodge Magnum, Chargers and Challengers. Two different offsets make the Dodge Widebody Replica wheel stand apart in its class. Not only does the Widebody offer superior performance for the standard vehicle, it is now available in an offset for wide body applications. Broader than the standard OE wheel, the Widebody allows for exceptional handling and traction for a more aggressive driving experience. Multiple size and finish options let this wheel revolutionize your standard vehicle into one that suits your personal style. Dodge Demon Replica offered in multiple sizes and finishes with applications to fit Chrysler c, Dodge Magnum, Chargers and Challengers. By adding the Chrysler Replica Wheel to your vehicle, you get just the right look you need. Offered in both 20 and 22 inch sizes, the Chrysler rims fill the expansive wheel well, matching the robustness of the vehicle itself. Each of the seven spokes split at the lip of the rim increasing the visual appeal of this unique wheel. Multiple finish options are available to really maximize your style. Chrysler Replica offered in multiple sizes and finishes with applications to fit Chrysler c, Dodge Magnum, Chargers and Challengers. We offer a variety of sizes, and finishes for the Ram Truck Hellcat style wheel. Each uses a 5X5. Please choose from the options below. Inspired by the original Hellcat wheel for performance vehicles, the Ram Truck Hellcat Replica Wheel was designed specifically for your truck. Small modifications were made to the original design to create a more robust truck wheel. With various sizes to fit both Dodge Ram and Jeep applications, Hellcat enthusiasts can now have the same impressive wheels for their trucks. This wheel has been reconfigured so Jeep and Dodge Durango owners

can now experience the Hellcat look and feel. Wider than the standard OE wheels, the Hellcat allows for superior handling and better traction for a more aggressive driving experience. Multiple size and finish options of these rims will transform your standard Jeep or Durango into one that makes a statement. Dodge Hellcat Replica offered in multiple sizes and finishes with applications to fit Chrysler c, Dodge Magnum, Chargers and Challengers. One of Factory Reproductions most popular wheels, the Dodge Hellcat Replica, is the new school MoPar wheel that provides optimum performance with classic style. Multiple size and finish options transform your standard vehicle into one that makes a statement. We offer multiple size and finish options, so that you can personalize your vehicle to suit you. Jeep Viper Replica is offered in multiple sizes and finishes with applications to fit select Jeeps and Durangos. This knockout 5 spoke wheel fits perfectly on the newer generation of Camaros. Its wide dimension allows for bigger tires, which means better traction and ultimately delivers incredible performance and handling. A new twist on the traditional split five spoke design, this wheel has individual cut outs in each spoke and a machined inner lip behind the spokes to reduce the weight of the wheel. Various sizes are available for a staggered set-up creating exceptional performance and ultimately a more aggressive driving experience. Available in hyper silver and gloss black, these rims will be an exceptional complement to any 5th or 6th generation Camaro. If you are looking for a way to upgrade your standard Camaro, the new version of the Camaro ZL1 Replica Wheel offers multiple sizes and finishes to give you a more personalized look. The deep concave of this detailed, multi-spoke wheel provides a significant amount of brake clearance. The lightweight design and width of the wheel allow for a wider stance with better traction and performance. Whether you are improving your Camaro for style or performance, the Camaro ZL1 Replica rims will transform your vehicle into the muscle car it was meant to be. Z28 Camaro Replica offered in multiple sizes and finishes with applications to fit 5th and 6th gen Camaros. Because of the wider stance, this good looking wheel enhances your overall driving experience with increased grip and excellent performance. Multiple size and finish options let the Z28 Camaro Replica wheel transform your standard Camaro into one that makes a statement. Chevrolet Camaro ZL1 Replica offered in multiple sizes and finishes with applications to fit 5th and 6th gen Camaros. If you are looking for a way to upgrade your standard Camaro, the Camaro Zl1 Replica Wheel offers multiple sizes and finishes to give you a more personalized look. The light weight design and greater width of this classic 5 split spoke allow for a wider stance with better traction and performance. Whether you are improving your Camaro for style or performance, the Camaro Zl1 Replica will transform your vehicle into the muscle car it was meant to be. This solid, blocky five spoke wheel enhances the bold look of your vehicle. Limited sizes and finishes are available. SS Camaro Replica offered in multiple sizes and finishes with applications to fit 5th and 6th gen Camaros. Learn More. However, not all replicas are created equally.
